

Zanzibar is a small island in Tanzania and Jua is ideally located to reach the various places of interest of the island.

The possibilities for both water and land excursions are endless. Every spot in Zanzibar has its peculiarities and should be discovered before leaving.

We gladly organise the following activities for you.

## LAND EXCURSIONS

### BIKING TOUR

Enjoy a unique cycling experience, explore corners of the island that would otherwise remain hidden.

Going with bike allow you to explore unique places on the island and will bring you into paths that even locals don't know about! Smell, taste, explore...

### WALKING IN THE VILLAGE WITH OUR COMMUNITY PROJECT

Over the years, The Rock for Community has helped build the school in the Michamvi Pingwe and Kae villages, built soccer and netball fields for children's teams, organized movie nights, brought and still brings clean water to the school and the two neighboring villages, and in 2016 promoted a year-long swimming school for adults and children.

Although the villagers of Pingwe and Kae villages in Zanzibar live by the sea and for majority work as fishermen, many of them do not know how to swim, partly because, in a Muslim country, for women and girls, burkinis are a luxury.

WATOTO was born out of this need: to give children all the tools they need to grow up and live by the sea without taking risks.

Spend some time with Kessi (our project manager), visit the village and be part of a swimming lesson. Ask to our team to organize a visit for you.

## DISCOVER STONE TOWN

Follow the trail of the sultans, slaves and explorers in the winding streets of Stone Town. Your guide will tell you about the events that shaped Zanzibar, leading you through the buildings where it all happened, such as the former Slave Market and Anglican Cathedral, the House of Wonders and the Old Arab Fort.

Explore the markets, seafood and fish piled in the fish market, fresh bread in wicker baskets and the neat stacks of fruit and vegetables as traders sell their wares from their stalls.

Children play in the streets in the residential areas, mamas sit out and gossip while men play board games.

## THE ROCK RESTAURANT

Reserve the best table for a lunch overlooking the Indian Ocean or a romantic candle light dinner in the most famous restaurant of Zanzibar: The Rock.

Only Mother Nature could reach such heights and present one of the world's most unique and beautiful locations for a restaurant.

A world-famous restaurant, known not only for its extraordinary location, but also its fabulous food inspired by the natural resources, a twist of Zanzibar, and Italian love.

## SPICE TOUR

In days past, Zanzibar was known as a spice island, exporting cloves, vanilla, nutmeg and cardamom across the world.

Walk through the spice farm with your guide, TOUCH, SMELL AND TASTE different spices and tropical fruits.

Learn about their properties, their origins and their use as medicines and in food and drink.

## SEA EXCURSIONS

### SWIMMING WITH DOLPHINS

The shallow coastal waters around Kizimkazi are a favorite hangout for dolphins that come here for the reliable food supply, to nurse their calves, rest and socialize.

Dolphin tour is best very early in the morning, because in the afternoon as the sun rises sea water tends to become warm, therefore dolphins dive deep down the sea bottom to escape heat.

Although dolphin-spotting is a popular activity, sightings aren't 100% guaranteed.

From gentle reef dives to the more challenging Blue Wall for the adventurous deep diver, this East Coast our preferred Dive Centre has something for everyone.

### MNEMBA ISLAND SNORKELLING

Protected by a coral reef 2 km. in, the spot offers the perfect mixture between a large flatwater lagoon to learn and practice kitesurfing as well as waves beyond the coral reef.
